Description

The Perrine Bridge is South West of Rifton, off NY 213, right next to I-87 (NYS Thruway). The bridge crosses the Wallkill River and is closed to vehicular traffic. This bridge is a Burr Arch, 154-foot long, single-span, built in 1844 and restored in 1993.

Photography

Easy to photograph portal since the bridge has no traffic. Easy to get nice photo of side view of bridge from underside of thruway bridge.

Parking

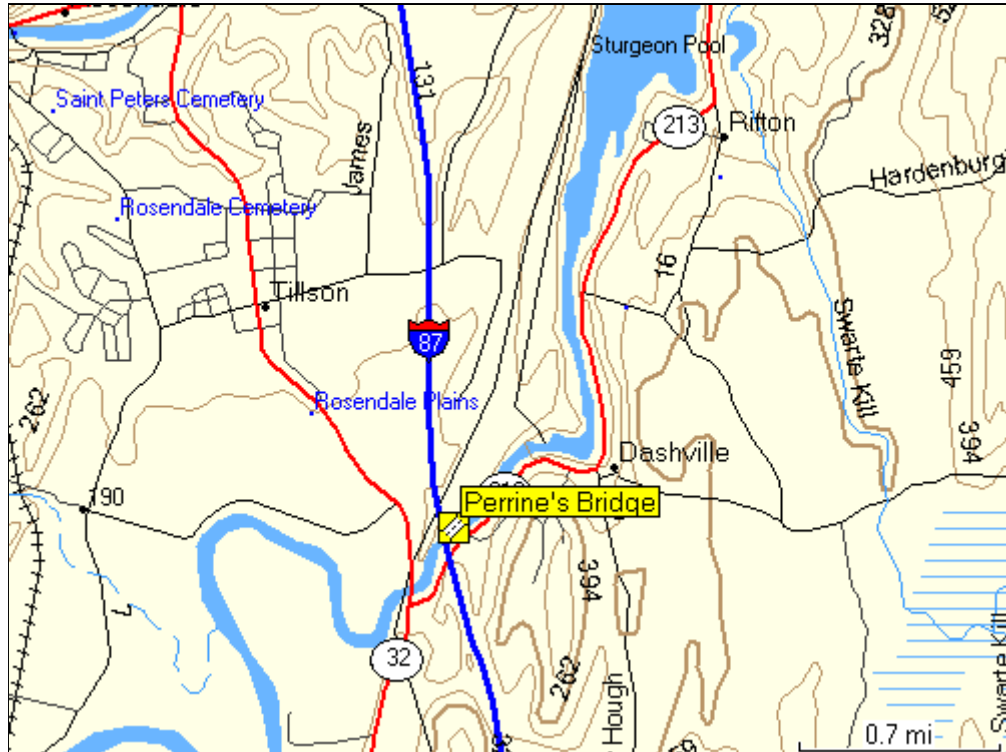

There are parking lots on the opposite side of NY213 of the bridge.

Truss / Arch

Burr Arch

No photo available

Location Map

Location

0.3 miles east of junction NY32 on north side of bypassed section of NY213. (adjacent to I87 but no access) South West of Ritton in Ulster County.
